PICKERING PUPILS GIVE AGRICULTURAL DEMONSTRATION

High School and Grammer Grades Present Fine Program Before Large Crowd of School Patrons.

The High School and Grammer grade pupils, of the Pickering High School under the direction of the superintendent, W. E. Burr, gave a vitalized agriculture program last night at the Methodist church of Pickering. A big crowd of the patrons and people of the community were present and enjoyed the program.

The first was lantern slides illustrating "Poultry Every Farm," presented by the High School pupils. A chart lecture followed given by Pauline Swinford and Thelma Mann on the subject "Getting Rid of Flies."

George Ashford, Paul Burks, Donnis Hood and Lorace Gray made a halter rope before the audience, using binder twine and finishing the job in eight minutes.

Evelyn Ashford gave a talk on table manners using the blackboard to illustrate some of the talk. Paul Burks described the method of measuring hay in the stack and computing the amount of corn in a crib.

A song by Alice Green and Rowena Hull concluded the program. The demonstrations given by the pupils are a part of the county wide rural school campaign during which the pupils have been giving demonstrations on vitalized agriculture work.

BARMANN COMPANY ENTERTAINS MECHANICIANS EMPLOYED

The Barmann Auto Company entertained the mechanics employed by the firm with a dinner at the Merchants Cafe at seven o'clock last night. After the dinner the time was spent in discussing mutual business matters particularly the Ford service problems. Mr. Batty, of the Ford Motor plant, was one of the guests and gave an instructive talk along this line. The company included Mr. Batty, Orson Sells, Ora Carr, Harry Jones, Otto Frazee, Paul Jones, Mr. Williams, L. A. Conder, Frank Barmann and Earl Barmann.

FATHER AMBROSE TO ENTERTAIN ST. MARY'S CHOIR AT PLAY

The Rev. Father Ambrose, priest at St. Mary's, who was an army chaplain for two years, serving with the American forces abroad, is entertaining the choir of St. Mary's church at the American Legion home talent production "Johnny Get Your Gun" at the Empire theater Friday night. The members of the choir who will be Father Ambrose's guests are Misses Katherine and Theresa Yehle, Miss Mary Gram, Misses Hilda and Gertrude Lahr, Miss Marie Bluel, Miss Esther Busby, Noah Thompson, John Busby, Ralph Yehle, John and George Thompson and Hubert Zech.

H. S. ORATORICAL CONTEST POSTPONED UNTIL MONDAY

Change in Date Made From Friday Night—Will Be Held in H. S. Auditorium—No Admission.

The oratorical contest of the High school to have been held Friday night has been postponed until Monday night. This change in date was made on account of the inter-society contests at the State Teachers college and the American Legion home talent benefit production to be given at the Empire theatre.

This contest is open to the public and no admission is charged. It will be held in the High school auditorium, beginning at 8 o'clock.

Gold medals will be presented to the winners by the city school board. These will be given to the winners of the girls declamatory and girls extemporaneous speaking contests and to the winners of the boys extemporaneous speaking and oratorical honors. The winning contestant in the events will represent the High school in the sub-district contest and the winner of the latter event will be representative in the Northwest Missouri association contests.

Tolbert-McDougal Wedding.

Miss Flora N. Tolbert, daughter of Mr. and Mrs. Lee Tolbert of Skidmore and Frank E. McDougal of Maryville were married in St. Joseph yesterday. The groom is the son of Mr. and Mrs. R. L. McDougal of this city and since his discharge from the army, has been an employee of the Burlington Railroad. Mr. McDougal experienced a long period of service in the war and was among the first American soldiers to be held prisoners by the Germans. Ms. and Mrs. McDougal are planning to make their home in Oklahoma.

Skidmore Club Meets.

Mrs. Gordon Bennett entertained the Neighborly club yesterday afternoon at the home of her mother, Mrs. George Porter, in Skidmore. The meeting was opened with roll call which was answered by the giving of current events. Mrs. H. W. Montgomery was the program leader for the afternoon and further conducted the study of "How to Vote." A visitor, Mrs. Rolla Howden, favored the club members with several short readings, after which the afternoon was spent socially and refreshments were served. Eleven members and four visitors, Mrs. Rolla Howden, Mrs. Ida Howden, Mrs. George Porter and daughter, Miss Edith, were present at the meeting. The next session will be held Wednesday afternoon of next week at the home of Mrs. Lewis Garnett.

Baker Dinner.

Mr. and Mrs. C. M. Baker will have as their dinner guests tonight, Mr. and Mrs. William Wagner and little daughter, Mary Geraldine, of Pickering.

The leather industry ranks as the third greatest manufacturing industry in the United States.

PROTESTANTISM DROPS TO MINIMUM GAIN

New York, April 15—The smallest increase in Protestant membership in thirty years is recorded for 1919 in statistics compiled by Dr. H. K. Carroll, who prepared the first official census of religions, and made public last night by The Christian Herald. The increase for 1919 was only 56,000, as compared with the average increase for ten years previous of 771,947.

The slump started, he said, in 1918, which showed an increase o only 155,000 members.

PUBLIC SENTIMENT FAVORS ARMSTRONG

MESSAGE FROM DOUGLAS SAYS THEY ARE HOPEFUL OF OUTCOME

STATE WILL REST TODAY

George B. Baker Who Is In Douglas Wires Democrat-Forum About the Big Trial.

In a telegram to The Democrat-Forum from George B. Baker, who is in Douglas, Wyo., as a witness for Hugh Armstrong, he writes:

"Public sentiment favors Hugh Armstrong. Pay no attention to local paper articles. The prosecution will probably close today at noon. Several former Maryville people here to testify for Armstrong. Frank Martin is not here, his health being very bad."

Another message from Douglas today stated that the state evidence had shown Armstrong did not fire the first shot. The defendant's attorneys were also stated to be hopeful of the outcome of the trial.

Special to Democrat-Forum.

Douglas, Wyo., April 15.—The inability of Sheriff Pat Royce, who led the raid in which Deputy Sheriff Majors was shot, to remember having testified at the coroner's inquest was the striking feature of the trial of Hugh Armstrong today. To answers made by him at that time today he said on the stand: "It sounds all right but I have no recollection of being there."

The defense was given a blow when Royce testified he had John Doe warrant for the raid in accordance with the county attorney's instructions.

The state also brought in evidence that in the examination of Armstrong on the day of the murder, Armstrong admitted before three witnesses he fired the first shot but did not see Majors fall, also said liquor was stolen goods and Roy Martin was to get $10 cash for storing it, and that Armstrong was delegated by Moore to help guard.

The jury was excused while the defense argued a motion to show the ulterior motive of the officers in making the raid. The court overruled the request on the ground that the defense argument was based on supposition.

ILL. DEMOCRATS LEADERLESS SINCE DEATH OF SULLIVAN

Chicago, April 13.—Illinois democrats are left without a recognized leader as the result of the death of Roger Sullivan, for twenty five years a dominant figure in democratic politics of that state and a national power in party affairs. Until his successor is chosen the management of the party in Illinois will be in the hands of his three lieutenants, John G. Malley, Dennis Egan and George Brennan. Plans for the funeral are not announced. It was estimated that Sullivan left a fortune of about ten million.

PRODUCE TEAMSTERS STRIKE THREATENED IN NEW YORK.

New York, April 15.—Just as New York is beginning to beathe easier over the railroad strike situation and consequent endangering of the food supply a new peril arises today in the walkout of teamsters, chaffeurs, porters and stable men who handle the larger part of the city's butter, eggs, cheese and poultry. Only a thousand men are involved but they are sufficiently strong to tie up movements of that class of food.

The salary of the president of the United States is $75,000 a year, with a maximum of $25,000 a year for traveling expenses. The president's salary was raised from $50,000 a year to $75,000 a year by act of congress approved March 4, 1907, while Roosevelt was in office, and the $25,000 appropriation for traveling expenses was made during the second session of the following congress—the sixtieth—under President Taft.

Great Britain ranks first as a source of American immigration since 1820, followed by Germany, Italy, Austria-Hungary, Russia and British North America. The Irish constituted the predominant element in British immigration, supplying in the last 100 years a number equal to the present population of Ireland.

EUREKAN SOCIETY WINS FIRST DEBATING CONTEST

Inter-Society Oratorical Events at the State Teachers College Begin Last Night. Second Program Tonight.

The first of the inter-society contests at the State Teachers College was held last night when the Eurekan and Philomathean representatives debated the question "Resolved—That the United States should intervene to establish peace in Mexico."

The affirmative taken by John Phipps and Cleo Richards of the Eurekan society, won 543 points out of a possible 600 and the negative taken by Viola Barber and Jasper Adams of the Philomatheas, won 542. The individual rankings of the debaters were Miss Barber first with 275 points out of a possible 300, Cleo Richards, second; John Phipps, third and Jasper Adams fourth.

The oration followed the debate, Harold Houchins, Eurekan, on "Roosevelt The American"; Myron Babby, Philomathean, on the subject, "The Advance of World Democracy" and Miss Frances Holliday, Excelsior, on "Foundation of Democracy" were the contestants. The scores were Houchins, 181 3-10 points out of a possible 200, Babby, 174 9-10 and Miss Holliday 175 3-10 points.

The musical numbers of the program included vocal solos by Miss Sallie Simmons and Miss Blanche Alexander and piano solos by Miss Halcyon Hooker and Miss Ella Johnson.

These contests are public and no admission is charged. The following program will be given tonight:

Music—Trombone Solo—Ferd Masters

Debate:—Resolved, That Immigration Should be Further Restricted in the United States.

Affirmative:—Mary Croy and Ruth Foland, Excelsiors.

Negative:—Alice Peery and Ernest McDonald, Eurekans.

Music—Vocal Solo—Blanche Alexander.

Extemporaneous Speaking.

1. Excelsiors, Minnie Turner.
2. Philomatheans, Carrie Coler.
3. Eurekans, Clifford Hull.

Music—Piano Solo—Ella Johnson.

HIGH SCHOOL TRACK TEAM TO TRENTON FIELD MEET.

The High school track team went to Trenton this morning to take part in an inter-high track meet held there Saturday. The Maryville team is in excellent training for the contest. The boys were accompanied by Coach Ezell.

The members of the team making the trip were Frank Roelofson, Dean Campbell, Martin Evans, Russell Allen, Tom Farris, Bennett French, Donald Williams, George Smith, Paul Miller and Masters.

REGRET EXPRESSED AT CAPITAL OVER SULLIVAN'S DEATH

Washington, April 15.—Keen regret is expressed at the White House over the death of Roger Sullivan. "We owe a lot to Mr. Sullivan," Secretary Tumulty said. It is doubtful whether Woodrow Wilson would have ever been president if it hadn't been for Roger Sullivan. The president is expected to send a message of condolence later in the day.

Riots Continue in Ireland.

London, April 15—Serious rioting occurred throughout the night at Londonderry, Ireland, according to Dublin advices today. The crowd threatened to attack the Londonderry prison but was quieted by the priests after the British troops had made bayonet charges and maneuvered tanks. Heavy damage was done during the rioting.

Live cattle were first exported to England from America in 1861, but it did not become a regular business until several years later.

30 STRIKE LEADERS ARRESTED TODAY

ALL ARE CHARGED WITH VIOLATION OF THE LEVER ACT.

NEARLY NORMAL IN EAST

Predicted Strikers Will Return Before Week End—Overseas Veterans Volunteer as Crews.

Chicago, April 15.—Further evidence that the switchmen's strike is losing ground throughout the west was apparent today. Reports from many trouble centers stated many were back to work and the movement among the strikers is gaining rapidly and are handling more freight than at any time since the strike started here. The switchmen of the Rock Island lines and the engineers and firemen on the Fort Wayne and Pan Handle divisions of the Pennsylvania lines have returned to work. The railway managers declared that fully fifty per cent of the switch engines in the Chicago district are operating.

The government struck at the heart of the Switchmen's strike today by arresting thirty strike leaders here, the pivotal point of the strike through out the country. Among those arrested are John Gunau, president of the yardmen's association and chief figure in the national strike. All are charged with a violation of the Lever act. The arrests were made by the United States deputy marshal.

New York, April 15.—The east is slipping out from under the strangles of the illegal railroad strike today with the aid of collegians and American legionires. Volunteer workers, most of them overseas veterans, brought thirty-five trains into New York during the day, causing rail managers to predict normal passenger service tomorrow. It is freely predicted strikers will return to work before the week end. The threatened food shortage was staved off for today when the Pennsylvania road moved a hundred car loads of perishable food and ninety cars of live stock into the city with volunteer crews. The strikers ring leaders are facing immediate arrest by department of justice agents.

DR. McCLUNG PREACHES TO LARGE AUDIENCE.

Rev. D. D. McClung, pastor of Westminster Presbyterian church of St. Joseph preached the closing sermon last night of a two days district presbyterial meeting at the First Presbyterian church.

A large crowd was present to hear Dr. McClung, who is one of the best known ministers in the St. Joseph presbytery.

The greater part of the two days session was given to reports and conferences on district work.

Sermons were given by Rev. W. D. Canady, moderator of the presbytery and by Rev. C. W. Halsey, of Tarkio.

Sonora and Carranza Troops Clash.

Aqua Prieta, April 15—A battle between Sonora secessionists and a force of Carranza troops is now raging at El Fuerte on the Sonora-Sinaloa border according to advices reaching here today. The Sonora troops are commanded by General Flores and the Carranzaistas are led by General Carrasco.

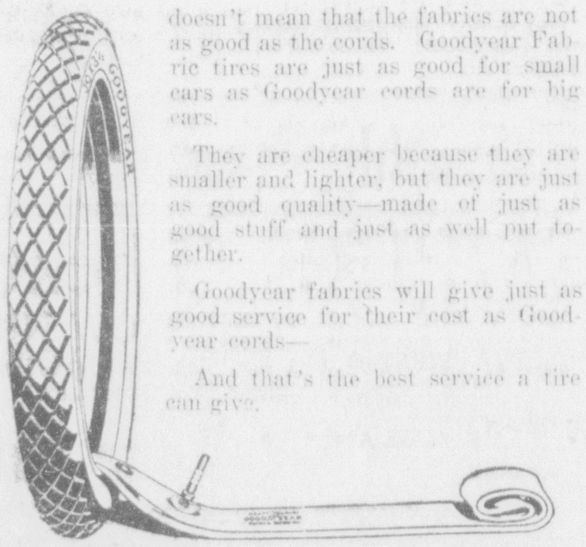
Goodyear Tires All Good

Perhaps you have seen Goodyear Cord Tires advertised more than Goodyear Fabrics. But that doesn't mean that the fabrics are not as good as the cords. Goodyear Fabric tires are just as good for small cars as Goodyear cords are for big cars.



They are cheaper because they are smaller and lighter, but they are just as good quality—made of just as good stuff and just as well put together.

Goodyear fabrics will give just as good service for their cost as Goodyear cords—

And that's the best service a tire can give.

Whenever you want to paint anything, ask us: "*Which* Du Pont Paint?"

Makes no difference what it is—perhaps it's the house itself, or perhaps it's enamel to brighten up the range in the kitchen, or maybe it's the baby's carriage, but whatever it is, there's a Du Pont Paint that's made just for that use—and we have it here.

We have a FULL line of Du Pont Paints, and we'll stake our reputation with you that they're the best of the 400 makes of paints in this country. Certainly they ought to be, for Du Pont has been in business for over a hundred years and has always been associated with the biggest and best enterprises in the country.

See us when you think of painting anything—and ask us "Which Du Pont paint?" It will be the best there is.

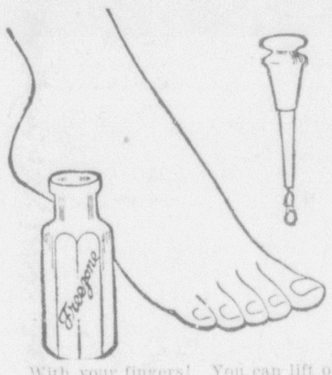
Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.



With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone costs little at any drug store? apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

Blood Will Tell.

When Fred Yeomans, an old Hopkins boy, retired from the county clerk's office at Maryville, having served the county faithfully and well as clerk two terms, he moved to Sheridan to become assistant cashier of the bank there, so when the town began looking around for suitable timber for a school director, Fred was selected. A trustee was needed, so it was decided to give this plum to him also, and he is now the big man of the village to the east of us.—Hopkins Journal.

FAME OF COMMUNITY SING SPREADS OVER COUNTRY

The following article taken from the Hollywood Citizen, Hollywood, Cal., regarding Mrs. J. J. Carter, formerly Miss Artie May Mason, of this city, will be read with interest by many old friends here and at Burlington Junction.

The Hollywood Community Sing has become among most popular forms of entertainment by which Hollywood people and numberless hundreds to temporary residents have been greatly edified since its organization two years ago. The fame of the Hollywood sings has spread abroad over the country and attracted flattering press comment for its musical success and praise for its community spirit.

Contributing greatly to pleasure of the Sings are special features which have been introduced with the idea of helping and inspiring others in the community and to foster big ideals in music. Such, indeed, has been the motive of Mrs. Joseph J. Carter, chairman of music of the Hollywood institution, who has presented during her chairmanship a number of very fine vocal artists, splendid musicians and forceful and entertaining speakers. It is because of her own musical ability and wide acquaintance with artists that Mrs. Carter has been able to secure these. She has been a musical student all her life, having exceptional training under the Polish teacher, Scharwenka. She is a graduate of the State University of Missouri and continued her post-graduate work at Columbia, Missouri, her native state.

Mrs. Carter played a great deal at colleges for girls, but her real musical career began after meeting Mrs. Jessie L. Gaynor, with whom she studied for seven years, being inspired with creative for children, which has been her specialty through Mrs. Gaynor's beautiful creations.

When Dr. Carter went in 1910 to take a post-graduate medical course at Vienna, Mrs. Carter accompanied him, and after a year of travel together Mrs. Carter studied music three years at the Austrian capital under the famous pianist-teacher, Leschetizky. Dr. and Mrs. Carter left the foreign soil at the first intimation of war. They have been residents in Hollywood for four years and are now making their home at the Formosa apartments."

Was Granted a Divorce.

At a brief session of circuit court this morning, Asa C. Lee was granted a divorce from Nellie M. Lee and also the care and custody of a minor child.

FORMER RAVENWOOD RESIDENTS ENJOY WESTERN HOME

Mr. and Mrs. O. E. Smith, former residents of Ravenwood, now living at Camas, Wash., write to home folks that they are pleased with conditions there, especially the climate. In a letter of April 10, Mr. Smith says "We have had lots of rain here in the past month but no storms or 'Easter winter' like you have just experienced. Have had no real warm weather yet, temperature runs about forty to sixty or seventy above. Many gardens are planted and coming up, lots of flowers and fruit trees in bloom and grass large enough for fairly good pasture. This is a beautiful country in the winter and said to be much more beautiful in the summer and as we are somewhat 'of Missouri' have decided to stay awhile and be shown."

MUTTI & BROWN SELL OUT.

Earl McCleave came up from Barnard Monday on the noon train and before it was time to leave on the afternoon train of the same day, he had bought the interest of his associates in the McCleave Hardware Company of Barnard, the associates being Mutti & Brown, of this city, who owned a half interest in the business, the last January invoice being taken as the basis, so no invoice will be taken and young McCleave went south feeling a full inch taller by reason of being sole owner of one of the best paying concerns in Nodaway county, capital invested being considered.

Earl is a hustler and is destined to be recognized here long as one of the shrewdest business men in the state. Barnard is a good town and the McCleave store is doing a big business but not enough to hold the young man, ambition is realized. If he isn't a millionaire some day, he will be similar proprietor who already has his eye on something bigger and if may not be to the substitute for beer—a "near-one!"—Hopkins Journal.

Pickering.

Professor Burr, and Mrs. Christal Smith with the assistance of their students, gave a fine program on vitalized agriculture and poultry raising at the Methodist Church last night. They had a large audience and they were both entertained and instructed. The students gave the lectures, and gave their demonstrations with great credit to themselves and their instructors. The School Board and the patrons are all pleased with their children in this line of work.

On Thursday night of this week, Prof. Burr and Rev. Green will give a lecture on Africa in the church at 8 p. m. We believe that the Steriopticon has a legitimate place in the rural church work. This will be free to everybody, and we hope the people will take advantage of this service.

Mr. and Mrs. Loren Smith attended the great music recital at St. Joseph given by Galli Curci, Monday night.

Rev. Olsen of Barnard was up this week assisting Rev. Green in making his survey of the Centenary offering for the Pickering charge. Their survey revealed a very satisfactory condition. After deducting all known shrinkage up to this date, the records show that the charge is over their quota more than $1200.

Rev. Green baptized and received into the church three persons last Sunday. Will baptize and receive two more at prayer meeting this week, and no doubt several more next Sunday. Something doing every Sunday regardless of the Weather Man.

Mrs. Mitchell's missionary talk last Sunday was great, and our people responded fine in their offering. Takes more than rain to cause a missionary to disappoint her congregation. We sure did appreciate her endeavor for us.

The United States treasury statement of March 31, 1917, the last before we entered the war, showed a gross debt of $1,282,044,346.28. Only $1,023,257,250 of this bore interest.

We Say to You

As We Say to All

Let tone decide which phonograph you buy. Listen to different instruments, ask to have different records played. Compare The Brunswick with other phonographs.

Insist on a phonograph which plays all records, such as the The Brunswick. Be not content with a phonograph designed for but one make of records.

The Brunswick plays ALL records, whatever make. And plays them exactly as they should be played, with the proper diaphragm, needle, etc. And our all-wood Tone Amplifier gives them greater richness.

The new Brunswick Method of Reproduction is the most advanced and finest way of playing yet devised. All old standards are now discarded.

We will be glad to prove to you that The Brunswick is the one phonograph you want. And to offer the same way of proving that Brunswick Records bring new standards. We abide by your decision.

THE GIANT SHIPYARDS AT HOG ISLAND, PHILADELPHIA, ARE CONVINCING EVIDENCE OF "DIAMOND CONSTRUCTION FOR STRENGTH."

An Automobile Starting Battery, Guaranteed for Two Years!

A GUARANTEE is the measure of a manufacturer's faith in his battery—based on past performance. If he guarantees his battery for only ninety days or six months of a year, he is probably sure that it will last that long. But beyond the period of the guarantee he is asking you to take a risk which he is not willing to take himself. It is unbusinesslike for you to take such a risk when you can buy a Philadelphia Diamond Grid Battery that is guaranteed for TWO YEARS.

The Diamond Grid is the framework on which each of the plates is formed. Its Diamond Construction is similar to the Diamond Construction used on the ways and cranes at Hog Island and in most other strong structures. In your battery the Diamond Grid means strong plates and is your insurance against plate trouble.

The Philco Retainer is a sheet of hard rubber closely perforated with long narrow slots. A Retainer is placed flat against the active material on each side of each positive plate. In any battery the positive active material tends to slough off as the battery grows older. The slots in the Philco Retainer are so narrow that the material cannot readily pass through them and the result is greatly prolonged battery life.

The Home Beautiful

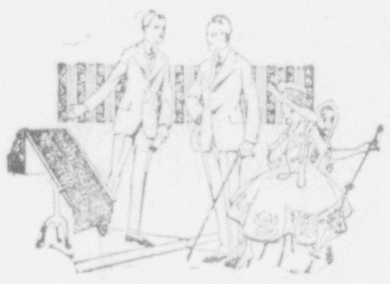
Helpful Suggestions to Those Who Love the Home

HOME—One of the sweetest words in the English vocabulary. Home is not the House but the Spirit that animates it, and the influence on this home spirit may be either uplifting or depressing according to the surroundings.

We have made a thorough study of the proper home surroundings—the decorations of the walls, the door and window hangings, and the coverings of the floors, and are in a position to give you suggestions that will help you to make your home more attractive.

Wonderful assortments of Rugs, Curtain Laces, Draperies, Wall Papers, Linoleums and other Home Furnishings are here in a wide variety of colorings and designs that will harmonize with the other surroundings of the home.

If you have a problem of proper treatment of doors, windows, walls or harmonious covering for the floors, bring that problem to us and we will solve it to your entire satisfaction.



THE WALLS.

The decorations of the walls of your home: Are they right? Actual experiments have proven that colors of walls have a real influence over the occupants of the room. Some colors and color schemes have a disquieting effect while others have a soothing effect.

The selection of wall papers demand real study in art and color harmony if the best results are obtained.

See our wonderful assortment of wall papers and use the valuable information we have gathered and are only glad of an opportunity to pass on to you.

An attractive collection of wall papers at the roll 25c, 35c, 50c

Many others at the roll ..... 10c to $1.25

THE WINDOWS

Your windows are the eyes of your home. Through them you reflect to the passerby your good or bad taste.

It is essential then that you use good taste in the selection of the laces and drapes for your windows. Our stock of beautiful lace nets and drapes together with our assistance with suggestions can accomplish the desired effects.

Filet and Nottingham lace nets, dainty designs, ivory and ecru at the yard 50c, 60c, 85c, $1.00, $1.25 and up to $3.00.

Panel Laces—One of the most practical and attractive window laces ever produced. Made in panels from six to nine inches wide and the full length of the curtain. Some in elaborate designs, others in dainty small patterns, each panel complete in itself or when used with others forms a unit to a beautiful curtain. Get just the width you want for your window. Filet lace net in white, ivory and ecru, the panel ..... 75c to $1.50

Lace Curtains—Filet and Nottingham lace curtains, plain and figured, ivory and ecru, the pair ..... $2.00 to $10.00

THE DOORS

The door is a necessity but rarely an improvement to the architectual lines of a room. But the doors afford an excellent chance for the display of drapery fabrics that will improve the appearance of the room.

A well selected hanging will cover effectually poor woodwork, add privacy to the room, soften the lines of a staring doorway, and finally carry the charm of color into the home by softening strong tones of walls, furniture and rugs or add a dash of color contrast wherever desirable.

Terry Cloth—A Turkish knit cloth in attractive colorings and designs that blend with other furnishings in the home. 36 inches wide, very suitable for door or window drapery, the yard $1.50, $1.75, $2.00

HOPE ON.

There was never a day so misty and gray
That the blue was not somewhere above it;
There is never a mountain top ever so bleak
That some little flower does not love it.

There was never a night so dreary and dark
That the stars were not somewhere shining;
There is never a cloud so heavy and black
That it has not a silver lining.

There is never a waiting time, weary and long,
That will not some time have an ending;
The most beautiful part of the landscape is where
The shadows and sunshine are blending

Upon every life some shadows will fall,
But heaven sends the sunshine of love;
Through the rifts in the clouds we may, if we will,
See the beautiful blue above.

Then let us hope on, though the way be long,
And the darkness be gathering fast;
For the turn in the road is a little way on,
Where the home lights will greet us at last.

DISEASE CARRIED BY INSECTS

Small Creatures Not Only Offensive, but Constitute a Positive Menace to Health.

The role of insects in the transmission of diseases is becoming more prominent each year, according to the Journal of the American Medical Association.

The fly, the mosquito, the flea and the "cootie" have come to represent not merely offensive nuisances to man, but also positive menaces to his health. The habits of these insects have therefore become of interest to the medical investigator and the sanitary expert no less than to the entomologist.

It has been definitely determined that the last named of these disease carriers is sensitive to temperatures that approach the body temperature of man. Owing to the high temperature of the body in summer, they wander out on ordinary garments. For the same reason they wander away from persons in fever. It is recorded that persons leaving a temperate climate for the tropics may become freed from these pests.

It has also been found that black clothing may repel them, for the reason that it absorbs more heat rays than lighter colors. Perspiration, induced by warm clothing will also hasten the exodus, since the "cootie" does not tolerate excessive moisture.

"Ye Old King James."

The Tottenham magistrates have just transferred the license of "Ye Old King James and Ye Tinker." This quaintly-styled tavern claims to have been established for over a thousand years.

The house stands in White Webb's Lane, near Waltham Cross, and not far from Theobald's park. The king was James I. and the tinker was drinking beer there or quaffing ale, when his majesty stopped at the house during a royal hunt in Enfield Chase. The tinker expressed a desire to see a king in the flesh. James said he should, and took him along with him on his horse to where his nobles were awaiting him. He then disclosed his identity to the astonished tinker, and wound up the incident by conferring a knighthood upon him. That, at any rate, is the story.—London Mail.

Fire God Diverts Flow of Lava.

During the recent lava flow down the side of Mauna Loa on the island of Hawaii an ancient Chinese farmer looked out of his doorway to see the molten mass making straight for his hut. Panic stricken, he called upon all the gods he had ever heard of to spare his home and his farm, but to no avail until an old Hawaiian helper screamed, "Pray to Pili!"—the Hawaiian God of Fire. The Oriental fell upon his knees and prayed loudly and earnestly. To his great relief the flow changed its course just in time by making an almost right angle turn without apparent cause, flowed on past his home, and then made a sharp turn back to its original course. Proof of this freak of the flow is furnished by the now solidified lava which surrounds the farm on three sides.

THE LUCKY SMITH.

A public gathering in a country town was interrupted by the entrance of one who made his way to the platform and whispered excitedly to the chairman.

"Is Mr. Smith in the audience?" broke forth the presiding officer. "I am informed that his house is afire."

Forty gentlemen sprang to their feet.

"It is the house of Mr. John Smith," added the chairman.

"Thank God!" fervently exclaimed one man, resuming his seat.—Everybody's Magazine.

Would Never Do.

"Here are some crisp new bills."

"I don't want them."

"No?"

"No, people will think we haven't had our money very long."—Louisville Courier-Journal.

Oh, Man!

"For three days and nights I have suffered agony from a raging toothache."

"Why don't you have it pulled?"

"I would, but I'm afraid it would hurt."—Boston Transcript.

Lower your clothes cost

You may say, "How can I do that when clothes cost more."

We'll tell you how and we'll back it with the guarantee that if you aren't satisfied---money back.

Get good all-wool clothes; the kind Hart Schaffner & Marx make; the prices are higher than those of some clothes. The cost is lower because the clothes last longer; you pay less per day to keep a suit on your back—and the clothes look better while they last.
